

BISU Computing Research Publications Catalog

A Bibliometric Compilation of Computing Research Publications
from Bohol Island State University (BISU)
Sourced from the Crossref API

Total Publications: 61

Coverage: 2018 - 2026

s: BISU (campus unspecified), Balilihan Campus, Bilar Campus, Calape Campus, Candijay Campus, Clarin Campus, Main

This catalog provides citation-ready references in APA 7th Edition, IEEE, and ACM formats. Each entry includes the DOI link for easy access. Students and researchers may copy the appropriate citation format for their papers.

How to Cite:

- | | |
|-------------------------|---|
| APA 7th Edition: | Used in social sciences, education, and many computing journals. |
| IEEE: | Standard for electrical engineering, computer science, and IT conferences/journals. |
| ACM: | Used in ACM-published computing and information technology research. |

2026 (9 publications)

[1] BEMAX: A Leaf-Based Endangered Tree Classification System Using Convolutional Neural Network in Bohol Biodiversity Complex, the Philippines

Conference Paper | Main Campus | Computer Engineering | DOI: 10.3390/engproc2026134014

Authors: Bem Gumapac, Jocelyn Villaverde

APA 7th Edition:
